NAUSICAA

MEDICAL

Made in France
since 1992

www.nausicaa-medical.com

This medical device is intended for patient holding & positioning. It is not a restraint system.
Before each use, it is important to check: the presence of the label, the stitches of the straps: that they do not fray or break, that the device does not show tears, snags, holes or signs of fraying (fabric and straps), that the buckles are not cracked or have no weak fastening.

ECO SUPPORT BELT

FOR ALL CHAIRS

TO BE USED ONLY FOR THE
INDICATED USE :
TO PREVENT FROM FALLING

Maximal strap length : + 164 cm
Belt height : + 11 cm
Buckle : 50 mm

Simple and one size fits all, it is designed for different chair uses.
Maximum useful area: 164 cm
Without size constraints

The use of the device requires the presence and vigilance of a third person. When used by an agitated or disoriented person, monitoring becomes imperative.

This medical device must be handled only by employees trained (by a healthcare professional) and qualified for its use (intended purpose, installation and environment of use, etc.). If the medical device is incorrectly installed, there is a risk of accident for the patient.
